Feast Café Bistro is breaking new ground in Manitoba — an Indigenous owned and operated restaurant serving dishes inspired by the traditional foods of this great province and land.

Some of our menu options include wild rice and cranberry salad, bison burgers, and of course, the crowd favourite, Indian tacos!

We pride ourselves in sourcing as many local ingredients as possible. The bison is farmed right here in Manitoba. Our cheese is from Bothwell, and the pickerel is caught from our many lakes. Our coffee is roasted locally by DeLuca's, our neighbours in the West End.

If you would like to place a catering order with Feast, please fill out the order form below and email to catering@feastcafebistro.com. Please note that your order will only be confirmed once you receive a reply confirmation email.
